Purpose

To provide a framework and a model for community engagement and public consultation across the Halton Catholic District School Board (HCDSB).

- x ~~providing open, inclusive, and meaningful feedback mechanisms that encourage two-way communications with our stakeholders;~~
- x ~~ensuring equity of opportunity and access by identifying and removing barriers to participation;~~
- x ~~through public consultation, sharing results of feedback collected to foster a culture of transparency and trust.~~

~~Revisions~~

I. ~~Sharing Information with Stakeholders~~

Accurate, timely information will be relayed about changes to policies, programs, legislation, decisions, or issues requiring immediate attention.

- x ~~New policies or changes to current policies will be shared with stakeholders in accordance with *Policy I – Governance of Policy*.~~
- x ~~Information regarding the implementation of new programs will be shared in advance of implementation with (staff, parents/guardians, trustees) directly impacted.~~
- x ~~Stakeholders directly impacted by potential changes to existing programs will be notified that the program is under review and will be provided with pertinent information as it becomes available.~~
- x ~~Stakeholders directly impacted by potential changes to existing programs will be notified who are directly impacted.~~
- x ~~Decisions that directly impact on the day-to-day activities or operations at the school and/or system level will be shared with stakeholders in advance of implementation. Details around the implementation of decisions will be communicated as they become available. Whenever possible, changes to program initiatives will be announced to parents/guardians one academic year in advance of implementation.~~
- x ~~Issues requiring immediate attention, such as lockdowns, emergencies, school closures, power outages, etc., will be communicated as they arise according to the applicable emergency procedure protocol or action plan.~~

II. ~~Engaging Stakeholders in Public Consultation Process~~

HCDSB will notify internal and external stakeholders of consultation opportunities in a manner that is consistent, timely and transparent.

- x ~~system-level public consultations will include a plan that provides:~~
 - a. ~~the purpose of the consultation;~~
 - b. ~~the desired outcomes (goals);~~
 - c. ~~the Stakeholder Decision Impact & Consultation Matrix (Appendix A) with the stakeholder groups impacted and the level of engagement (inform, consult, involve, or collaborate);~~
 - d. ~~a description of the consultation methodology, timelines and strategies.~~

- x All reports emanating from a public consultation process will contain a summary of the ~~process and a summary of feedback received~~, with a description of measures taken to address public concerns in arriving at a recommendation.
- x ~~All other public consultations will be posted on a designated Public Consultation page on the HCDSP website.~~
